REPORT OF THE INTERIOR
DEPARTMENT.

The annual report of the interior department has been issued.

Following is a comparative statement of the homestead and pre-emption entries and sales which have been made at the several agencies of the department during the years of 1890 and 1891: 1890—Homesteads, 471,040 acres; pre-emptions, 57,600 acres; sales, 139,030 acres. 1891—No. of entries, 3,523 of 170 acres each, 563,680; sales, 189,704. This is a very satisfactory increase as compared with the preceding year of the area of land taken up as homesteads by actual settlers. There is no considerable increase in the area purchased, and at the time of writing everything seems to point to a still further increase under these heads during the coming season. The pre-emption system, it will be remembered, terminated with the calendar year 1889, and public interest it would appear, judging by the experience of the interval has been conversed by the charge. It is still possible when a settler desires to increase his holding, and prove that he means to use a larger area than 160 to advantage, to acquire an additional quarter section by purchase from the government, but payment for this additional quarter section and fulfillment of settlement duties upon the homestead are made to run concurrently, thus preserving the advantages of the pre-emption system, without any of its drawbacks. It is also possible always for the settler to increase the size of his farm by purchase from railway companies owning odd numbered sections, which can be had at very reasonable prices. The following statement shows the number of homestead and pre-emption entries reported in each year since 1874, and the number and proportion of such entries which have been cancelled for the non-fulfillment of the conditions of entry: Letters patent issued during last year 2,449, compared with 3,523; receipts on account of Dominion lands last year, homestead fees, \$29,000; cash sales, \$91,000; scrip, \$171,000; lumber dues, \$102,000; grazing land including scrip, \$19,000; hay and other permits, \$8,000; gross revenue, \$460,990. The revenue from timber, mineral and grazing lands was \$129,902. The return from coal lands a decrease compared with the previous year.

The receipts on account Dominion lands during 1890 were \$454,326; during 1891 \$453,995. Of these the homestead fees were \$35,920 in 1890 against \$29,164 in 1891; scrip sales \$228,744, against \$171,425, and timber dues \$84,642, against \$102,902. The revenue from the Dominion lands for the last ten years has been \$8,305,939. Of coal land 13,301 acres have been sold for \$137,708.

Hugh John Macdonald has been requested by the central Conservative committee of Manitoba to become a candidate for a constituency in the coming local elections. Hugh J. has declined the request.

DECREASE OF MOUNT-
ED POLICE FORCE.

The question has recently been seriously discussed in Parliament, as to the advisability of making extensive reductions in this force.

The opposition were in favor of the reduction of the force by 2 of the present number.

Mr. Dewdney stated that though it was the intention of the Government to gradually reduce the force, yet no such sweeping reduction as that contended for by the opposition would be countenanced for a moment.

If such a policy were carried out at the present time it would have a most injurious effect on the settlement of the country. The enforcement of law and order and the preservation of peace.

The Government therefore have clearly announced its policy in this regard.

Mackenzie Bowell also contended strongly urged that such a reduction would materially injure the prospects and interest of the country.

In our opinion it would be disastrous, to the best interests of the North West.

The force is a most excellent one, and every resident in the North West knows it is of incalculable benefit, in the preservation of law and order, in so vast a country, and especially in the prevention of horse thieving and such like offences, which at one time were common crimes.

In a country like this, where there are few established municipalities with an organized Police Force or Staff of Constables, the existence of such a force is imperative by necessity.

The *Medicine Hat Times* thus comments on the matter:—

"The discussion on this subject in the Dominion House a couple of weeks ago served two purposes: It forced from the government a clear definition of its policy, and it also gave a number of eastern members an opportunity to display their culpable ignorance of the requirements of this country. Even Mr. Watson, of Manitoba, contended that if 300 men could keep the lawless element in control in 1873, it was quite unnecessary to have 1600 men now, and moreover, the ranchers, farmers, etc., of the Northwest thought as he did about the matter. Where Mr. Watson got his authority for the statement we do not know, but we do know that as far as this portion of the Northwest is concerned, the assertion is utterly false. We do not know of a single rancher or farmer in this district who thinks the police force could be reduced with safety to his interests. A few years ago, before the present admirable system of patrolling the boundary line and the ranching country was commenced by the police, the white and Indian stock thieves were a constant menace to ranchers, and numbers of stockmen were dissuaded from going into business in this country, on this account. Even with the whole ranch country patrolled, Indians kill a large number of cattle every year, and the withdrawal of even one patrol would prove disastrous to interests which have been created on the strength of a continuance of adequate police protection. It is about time members of the Dominion House who attempt to discuss Northwest subjects and take a leading part in legislating for this country, informed themselves about its wants and the conditions existing here. Ignorant legislation in matters pertaining to the Northwest has done and is doing more than anything else to retard its growth. A conspicuous feature of the debate and one which all friends of the Northwest must deplore, was the silence of the majority of our own members—a silence which their constituents will undoubtedly require them to explain."

THE WATER ROUTE.

"Another evidence of the value of our great inland water route to the ocean, says the *Commercial*, has just transpired. The steamship *Wargeland* arrived at Chicago on May 26, direct from Norway. The steamship left Bergen, Norway, on April 13, with a cargo of fish and cod liver oil, and will return loaded with provisions. There is of course only one route by water from the sea to Chicago, and that is via the St. Lawrence. In the present condition of the Canadian canals, through which steamers must pass, it is not expected that the route can at once be made available for ships

passing from the ocean to the head of the lakes. The canals are too small to accommodate ocean ships as a rule, but the fact that the trip has been made by a small sized ocean ship goes to show what great things can be accomplished for the west, by the improvement of this route. The improvement of the canals to admit of the passage of medium sized ocean steamships, would be of incalculable benefit to the west. The effect upon our export and import trade would be equal to the movement of the entire country 1,000 miles or more nearer the Atlantic coast.

IMPERIALISM.

We recently indicated some principles which should guide Colonial and Imperial policy in matters affecting British progress and stability.

We objected to the term "Imperial Federation" as implying a division which does not exist, but we agree with the idea meant to be conveyed by that term. Proposals to strengthen the bonds uniting Britons throughout the Empire may be sneered at as "fads," but they are born of needs that will not be ignored. Civilized man needs a country and a nationality of his own affording a social and political home as well as a material dwelling place. It is felt on all hands that the process of denationalizing the non-British Englishman has proceeded far enough and that the tendency should be promptly reversed.

Legislation alone will not effect this neither will the cultivation of loyal and patriotic sentiment hold the expanding Empire in its upward way as one united body. We have had, perhaps, too much sentiment of a boastful character while oblivious of changes in the world that spoil our ground of boasting.

Britain emerged from the Napoleonic wars confessedly first among nations. Her great influence has for three quarters of a century contributed to the maintenance of a general peace, during which three great powers have rivalled her in territorial, political or material progress. Russia, Germany or the United States may now dispute England's claim to the position she held in 1815. Meanwhile forces within the Empire have wrought her as well as good. Enormous wealth has brought moral deterioration. Large masses of the people have suffered the evils and acquired the vices incident to dense population. The masses had to be reckoned with in politics and have been admitted to a share in Government. Too sudden, many fear, has been the extension of power to untaught lands, and thoughtful men cannot but apprehend disaster from the use of the franchise by men who have scarcely learned to govern themselves.

Yet there are reassuring signs. The upper classes prove by practical self sacrifice that they sympathize with the poor. Great abuses are being successfully assailed. The temperance and social purity movements have greatly changed public opinion regarding certain sources of evil. "Party has yielded to patriotism on one or two notable occasions. A steady hand holds the helm of state. A soviet reigns in the affections as well as in the Councils of the nation. Yet unfavorable changes may arise and the present generation may live to see colonialism among the most steadfast supporters of the crown, the constitution and the liberties of England.

Colonists reared in the fullest measure of personal freedom have a high regard for order in the State. Frontiersmen, wild as they often are, learn to detect anarchy. They adopt the most stringent measures to preserve the rights of property and the observance of their homely laws. It is obvious then that one of the most pressing needs of the time is an influence that will transfer a few hundred thousand families of English speaking Britons, loyal to British liberty, from the congested districts of the Old Land to the prairies of the northwest.

The most ultra liberal will become conservative in a social sense when he has a farm of his own. The wisest socialist debate will tone down when tending his own flocks and herds as lord of his own manor.

But we need the United British sentiment coincident with emigration. Settlers in the Northwest must be led to see on every hand unmistakable proofs that they are on British soil and under the British flag. There must be

no uncertain sound on this point: we cannot afford to drift off into national insignificance because a few thousand miles separate us from the capital of the Empire. Finally we must look forward to some general representation of every part of the Empire in some central legislative body having cognizance of all Imperial affairs.

DAVIN FOR GOVERNOR OF THE
TERRITORIES.

Rumors are afloat at Ottawa and comments are being made regarding it by the *Eastern Press* that Mr. Nicholas Flood Davin may receive the appointment of Lieutenant Governor of the North-West Territories. The suggestion has been regarded in a serio-comic manner by some. We have no doubt of his ability to fill the gubernatorial chair and fill it well.

His genial disposition would moreover make Government House entertaining the most pleasing and enjoyable.

In this regard he would make a right good governor.

Yet to copy from a contemporary.

"Though he would make an excellent governor, yet we feel it would be hard to fill his place in the House of Commons, where he is now considered the champion of the Northwest rights and where his voice has been so often raised against existing and proposed injustices to his adopted province. While we cannot uphold his action on every Territorial question, we can say he has done more for the Northwest than all its other members put together, and the country can ill afford to lose his valuable services at the present time, when much of its legislation is yet in an embryo stage."

EDITORIAL NOTES.

The Hon. E. Dewdney is spoken of as possible Lieut.-Governor for Manitoba when Shultz retires at the end of 1892.

Lord George Hamilton, First Lord of the Admiralty, states that the experiment of sending sailors to Vancouver by way of the Canadian Pacific Railroad has proved a success. The Admiralty considers the Canadian Pacific route under certain conditions preferable to all others.

A distinguished party of British naval officers arrived in Toronto on June 2nd. It was composed of Vice-Admiral Sir Frederick William Richards, K. C. B., who is in command of the fleet on the China station; Capt. Edmund S. Poe, of H. M. S. *Impetuous*; John Carlisle, secretary to the vice-admiral; and Lieut. Nicholson, R. N. Sir Frederick's flag ship is the *Impetuous*, which is of 8,400 tons register, and her engines are capable of developing 10,000 h. p. She carries 14 guns, and her equipment is of the most modern type. The vice-admiral's party landed at Vancouver, and are now on a jaunt through Canada, principally for the purpose, it is understood, of securing matter for a report on the Canadian Pacific Railway as England's military highway to the Orient.

It is understood that Hon. C. H. Tupper, Minister of Marine and Fisheries, has been selected to prepare the case which the British and Canadian representatives upon the Behring sea arbitration will present and contend for before that body. The fitness of the choice will be generally admitted, as the Minister has charge of the department of the Government concerned in the Behring sea issue, and has himself personal knowledge of the details of this long drawn out controversy. He is specially qualified by grasp of the subject and a marked capacity in working up similar questions for the duty of preparing a statement of the details of this important one, and it is a marked tribute to the ability of the Minister that he should have been chosen for it. Hon. Mr. Tupper will shortly leave for England in connection with the matter, and it is probable that he may be called away before the session closes.

LOCAL AND GENERAL NEWS.

Still town lots are being sold.
The "Soo" road and Christmas are both coming.
Mr. Justice Richardson is expected to hold court here shortly.
The Editor is away on a business trip to Winnipeg this week.
Mosquitoes are on the warpath, and mosquito nets are all the rage.
Several new houses are being erected; at this rate we shall soon outlive even the "Queen City."

Messrs. Russell and James R. Wilson accompanied by Harry Hooley left this week for Beaver Creek, taking with them a large drove of cattle. They went by the old Saskatoon trail.

The Dining hall and C.P.R. offices here are being refitted with pipes so as to facilitate the heating of the various rooms and offices by steam.

We regret to say that William Simington eldest son of Mr. James Simington is still very low. We trust he will, however, soon be able to get around again.

The Supreme Court of the Territories is sitting at Regina this week. All the five Judges being on the Bench. This is the appellate Court of the North West and hears appeals from single Judges.

Last Monday night Mrs. Dan McLean wife of our popular C. P. R. Engineer, accompanied by Miss Hallie McKay sister of Mrs. J. H. Ross, left for Prince Edward Island. The Times wishes them a pleasant trip.

W. D. Palmer, River St. East, sole agent for the Karn Organ. Received highest award and latest medal over all manufactures in Canada. Heintzman Pianos, Raymond Sewing Machines Needles on hand. Oils a specialty.

John M. Melhuish, the well known tailor of the town, has removed from his old stand to more commodious quarters in Miss Clark's new building on Main Street. He hopes to see his old patrons in his new stand.

A meeting of those gentlemen who are interested in the proposed Athletic sports, on the 1st of July next, will be held at the Times office on Monday the 13th instant at 8.30 P. M. A large attendance is requested.

Life of Charles H. Spurgeon. "The Greatest of Living Preachers," by Russell Conwell, L. L. B., D. D., L. L. D. The Napoleon of Holy Warfare is Dead. Send in your orders early. 600 Pages. Price \$1.50.

Seymour Green, Agent.
Mrs. A. Jefford and Miss Bessie Ostrander returned home from Bauff on Wednesday evening, where they have been enjoying the luxuries of that beautiful summer resort for some weeks. Both parties look much the better of their trip.

Mr. J. N. McDonald, life editor of the Times and now editor of the Virden Chronicle was in town on Monday. He reports that Virden is flourishing and that there is great excitement over the coming elections there for the Local House. He is of the opinion that Greenway and his confederates are losing their hold daily on the people of Manitoba. If Mr. McDonald's "time prophet" Greenway will be defeated. He returned to Virden on Monday night.

Hudson Bay Railway.

It is reported that the Hudson Bay Railway is at last to be commenced. The contract has been let, and work is to be commenced to the Saskatchewan forthwith. We hope that the report may be well founded.

State of Crops.

The crops in this district are looking remarkably well, being up fully six inches on the average, and at Buffalo Lake quite as early as at this time last year. The crop, at the Lake are a little ahead of those immediately around the town owing to the fact that seeding was commenced about a week before the other land was ready, but all promises to yield an unusually heavy harvest.

Death of a Resident of Moose Jaw.

We have the sad duty to perform of recording the death of Mrs. M. Lillas, the beloved wife of our esteemed C. P. R. road master, which took place last Friday, the 3rd inst., in Winnipeg Hospital. Mrs. Lillas had been ill for some time, but was apparently on the road to good health again when this community was shocked to hear of her sudden death. The sympathy of the whole town is with Mr. Lillas in his bereavement.

Meeting of Sportsmen.

A meeting of the citizens of Moose Jaw was held on the 4th inst in the C. P. R. Reading Room to arrange a programme of sports for the 1st of July. It was found that \$300 had been subscribed for this purpose. Mr. J. Blackburn was appointed Secretary. A committee consisting of Messrs. Holt, Shumlin, Green, Ostrander and Fyke was appointed. The meeting adjourned till Wednesday night to hear report of Committee. Wednesday's meeting again adjourned to meet in the Times office on Monday the 13th inst.

Social Evil.

In the Regina Baptist Church on Sunday evening last the Rev. J. H. King preached to a large congregation a social sermon on "The abominations of Regina Society." He dealt with the liquor evil, with gambling, which he stated was being carried on in licensed places, contrary to the law; the houses of ill-fame, and immoralities existing in the town. As a gentleman writes, "Truly Regina must be a modern Sodom on the quick slide to perdition and perishing for a King to rescue her men and women from the unheard of condition of social depravity into which they had hopelessly descended. We sincerely hope that our sister town is not as bad as the Reverend gentleman paints her."

A Mysterious Disappearance.

On Monday the town was considerably startled to learn that a young lad named Johnson Colling, a nephew of Mr. and Mrs. Bogue, who has for the past six weeks been clerking for Mr. Bogue, had gone for a walk on Sunday afternoon and had not since been heard of. It was at first surmised he had met with a serious accident, or possibly he being a "tender-foot," had been devalued by Mesquitos, several of our citizens started out hunting for him, when word was brought in that a boy answering his description had been seen boarding the train at Pasqua Sunday night. Why he should thus suddenly leave is a mystery to his friends. We trust he will turn up again safely.

A Case of Larceny.

About the 28th day of May, a guest arrived at the Brunswick Hotel, in this town, and registered as H. Smith. He was clad in a neat navy blue coat and vest. He remained at the hotel till the 3rd of June when he suddenly made his departure. Shortly afterwards it was discovered that he had not left empty-handed.

He had forced open the trunk of Wesley Timmins and taken therefrom a valuable gold watch chain, a pair of boots and a pair of trousers. He also stole the underclothing belonging to Arthur LeDuc. The hats of William Patterson and A. Bonwick, and a razor belonging to H. Whitmore, were also taken. All these gentlemen are boarders at the hotel.

It was subsequently learned that the clothes in which he was arrayed had been stolen by him from a hotel in Regina and the Police there had a warrant out for his arrest.

Efforts are being made by the gentlemen named to effect his arrest. He went towards Winnipeg.

Fire and Life Insurance carried by Mr. Seymour Green. The best and cheapest companies represented. Farmers insure your granaries and stables.

Word has just been received that the Rev. Dr. McLean Methodist minister here has been ordered to Virden to take charge of the Congregation there. The Rev. Mr. Stacey of Prince Albert taking the Rev. Dr. McLean's place in this town. The Doctor will be greatly missed not only by his own congregation but by the whole town.

Mr. William Grayson has recently increased his law library by the addition of the Ontario and Supreme court law Reports, Chancery Reports and Exchequer Court Report, also Robinson and Joseph's Digest in all about two hundred volumes. We have had the privilege of examining these books and feel sure they will move a great acquisition.

A cricket match has been arranged between our local "Goalings" and the Fort Qu'Appelle C. C., who will play here on the first of July. We hope our town will carry off the laurels in all the matches played on that date. We understand that several teams will likely be here to contest with our base ball team the honor of winning the day.

It is reported in a Toronto Despatch that the Baptist Ministerial Association has forwarded a protest against the Government giving increased aid to Methodist Schools for Indians in the North West. We hope this is not correct as it would indeed be a most extraordinary thing if the Methodists are doing good work amongst the Indians, as we know they are, why they should not be helped by the Government in their good work. Truly it is far better for an Indian to be a Methodist than a Pagan.

L. O. F. Church Parade.

The members of Court Moose Jaw, No. 509 are requested to meet at Bro. Carters shop on June 10th, at 10.30 sharp, thence to the Presbyterian Church for service. All the members of the Independent Order of Foresters, also those not affiliated in this Court are cordially invited to attend.

By order, Fred G. Herder, R. I.

Mr. F. F. Watkins' Illness.

He now lies in a very low condition at the Brunswick Hotel. Kind friends are constantly at his bedside administering to his needs. Dr. Turnbull is doing all in his power to alleviate his sufferings and restore him to health.

His father Mr. Wm. Watkins of Medicine Hat and his sister Miss Fanny Watkins of Beulah, have arrived in town to assist in restoring the patient to health. Mr. Watkins, the patient, was lately foreman in this office, and we can only speak in the highest terms of his abilities as a printer, his good habits and his faithful attention to business. We deeply sympathize with him in his illness and sincerely hope that his life may be spared and health soon restored. We also extend our sympathy to his friends.

A PRIZE PORTRAIT REBUS.

This young lady has three brothers, each one of whose pictures is combined in the above portrait. The manufacturers of PEARL-FOAM, the latest scientific discovery for cleansing and preserving the teeth, will give a handsome Gold Watch to the person who can make out the faces of the three brothers first; to the second an elegant pair of genuine DIAMOND EARRINGS; to the third a beautiful pair of Pearl Opera Glasses; to the fourth a Silk Dress Pattern; to the fifth a Swiss Music Box playing six pieces; to the sixth an elegant Mantel Clock; to the seventh a pair of Solid Gold Chain Bracelets, with Fedelets, and to the eighth a Silver Watch.

Each contestant is to cut out the picture rebus and make a cross with a lead pencil on the three brothers' faces, and send same to us, with ten three-cent Canadian postage stamps (or 30 cents in silver) for one package of Pearlfoam, before July 20th, 1892. The envelope postmarked first which contains the three brothers' faces correctly marked will receive the first prize, the balance in order as received. For the last correct answer we will also give a handsome Gold Watch to the next to the last complete business association; to the second to the last an elegant pair of genuine DIAMOND EARRINGS; to the third from the last a SILK DRESS PATTERN; to the fourth a SWISS MUSIC BOX playing six pieces; to the fifth a SILK DRESS PATTERN; to the sixth a pair of PEARL OPERA GLASSES; to the seventh an elegant MANTEL CLOCK, and a valuable prize will also be given to every person who is able to answer this picture rebus correctly until no prizes have been awarded if there should be that number answering correctly. Nothing is charged for sending picture rebus. We shall offer extra prizes to all who are willing to help distribute Pearlfoam. Our prizes are entirely free. Our object is to introduce and attract attention to Pearlfoam, which is the only preparation whose manufacturers are ready to offer a reward of five to any dentist who can show that it contains anything injurious to the teeth. Ladies who have used Pearlfoam cannot say too much in its favor. A month's trial will show its superiority. It is recommended by the leaders of the profession everywhere, ask your dentist what he thinks of it.

Pearlfoam is sent by mail postpaid. First-class Picture Portrait Rebus are to be carefully wrapped strictly as directed. Address, ENQUIRER, TOILET, MFG. CO., 270 King St. E., Toronto, Ont.
